#### UNIVERSITY

"Being a student at the University of Pécs, the university has served as an eye opener. I have met and made new people and friends. My first snow experience was in pecs. I have learnt and shared my cultural values and others through our languages, food, clothes and dance moves. My professors I would say are the best. They lecture with understandings produce what I understand and corrections are made where necessary. The staff and other students are also polite and helpful."

### **Student life**

The University has transformed Pécs into a Univer-city. With Faculties spread all over and no one particular campus, with over 4500 international students studying in the city of Pécs it's never hard to run into someone at the library, a party or just walking around. In the city most things are within walking distance and if not, the public transport system is very reliable. The city is in general has a low cost of living compared to most other European countries and is safe.

Here is a list of essentials to get an idea of prices: international.pte.hu /cost\_living Many students may find it difficult adjusting to life away from home, particularly those who are coming straight from high school and have never lived on their own. For these students, it is recommended they live in the dorms for the first year as they adapt to life in a new place and studying at University. Each first year non-medical student has a guaranteed placement in one of University dormitories. Rooms are offered on a reasonable price level: approximately EUR 130 per month.

Pécs is much smaller than Budapest and has much less nightlife than Miami Beach, but Pécs provides more than enough for students to do. There are cinemas where you can see movies in English or Hungarian, and plenty of bars and restaurants.

Traveling to Budapest for a weekend is always a great idea. You can see the monuments and enjoy the city with friends. Students also enjoy traveling to countries within the region like Croatia, Slovakia, Slovenia, Austria.

"It is a self exploration journey in a whole new environment, which is full of challenges, excitement, and high hopes. Till now, I feel it's totally worth to experience."

## Pécs, the city of many cultures

Pécs, the center of Baranya County, is the fifth largest city in Hungary. It is situated in the south-western part of the country, on the slopes of Mecsek Hills, close to the border with Croatia. Many consider Pécs an important gateway of Europe, linking Western Europe with the Balkans.

While the area has been inhabited for over 6,000 years, the first days of the modern city date back to the 2<sup>nd</sup> century, when Pécs, then Sopianae, was founded by the Romans. Many cultural layers are woven in the walls of the city which built up a rich history of more than two thousand years making it a part of the UNESCO World Heritage. Through history, Pécs changed its names, but never the historically multi cultured soul. No wonder that it was declared as the European Capital of Culture in 2010 by the European Commission.

The Mediterranean climate, picturesque streets of the historic center, vineyards on the slopes of Mecsek which are sunlit during summer and covered in snow during winter, paint a lively and colorful landscape.

Among the many names that this city carried through time, the present name – *Pécs* – first showed up in formal documents in the year of 1235 as "Pechyut" – with modern spelling: pécsi út, which means "road to/from Pécs", qualifying the city as a welcoming destination for more and more international students.

Since Pécs is the center of science and education, it is frequently hosting domestic and international conferences and symposia. In terms of entertainment and events, the city offers a respective number of activities, excursions and festivals for everyone, regardless of taste or budget.

"If I were to describe my life in Pécs this year, my generalization would 🔐 🖉 🚛 💷 be respect, openness and diversity. It respects my personality and let 🏌 me know excellent partners from all over the world, I love Pécs!"
