Company core business: an umbrella organization for community development and fundraising in the city

Website: <https://pecsikozossegialapitvany.hu/>

Description: The Foundation as an umbrella organization is active in fundraising and organising community programmes within the city of Pécs, building partnerships and promoting active citizenship. The Foundation lays great emphasis on transparency and accountability, e.g., donors can follow how their donations have been used. Funders are private persons and enterprises that are interested in issues of corporate social responsibility. PCF's main mission is to increase the level of citizen participation and motivate local citizens to take own responsibility for the future of the town. They are active in building intersectoral and international collaborations.
