THE UP STORY

The **University of Pécs** is one of the first universities in Europe as it was established in **1367** – over 650 years ago.

We offer foundation, bachelor, master, and Ph.D. studies in **every major study field entirely in English** on the same level of education as any other UK, Australian or Canadian institution.

The University of Pécs has 22,000 students in total, and 5,000 international students representing **136 countries** all over the World.

Our international community is **strong, proud, and colorful**, meaning that you will not be alone wherever you come from.

 **10** faculties

 **8** dormitories located in the residential area of Pécs

 **28** own clinics

ABOUT THE CITY OF PÉCS

The city of Pécs is an **ancient city** with great history and ruins from the Roman empire, the Early Christian times, and the Middle Ages. The town has a beautiful UNESCO World Heritage Site as well.

Throughout the centuries, Pécs was always a Mediterranean, multicultural, multi-ethnic, and multi-religious city, which is why Pécs is an **open, welcoming, and inviting city** for everyone.

As a quite small city with around 150,000 inhabitants and a unique atmosphere, it provides a **safe, secure, and calm** environment for the students.

Pécs was a **European Capital of Culture** in 2010, the first city in the region to win this title.

EXTRA ADVANTAGES OF STUDYING IN EUROPE

Every tuition fee-paying international student has the opportunity to join the European Exchange Program called **Erasmus+**:

The students have **two semesters** during their studies to spend at a different University in a foreign European country, meaning they have the chance to meet new people, new cultures, etc.

The students **receive scholarships** from the EU while on their exchange studies. The students can also do an **internship for one** year after graduation at any company inside the EU and receive a **scholarship** for that period.

Besides all these, students can **travel freely** in all the 27 member countries of the EU with their visa, so they gain access to **27 countries**, not only one.

Every international student **receiving a degree** from a Hungarian university or college (or any other higher education institute) is eligible for a **study-to-work visa**.

Still, they must submit their application no later than 30 days before their student residence permit expires.

STUDY PROGRAMS

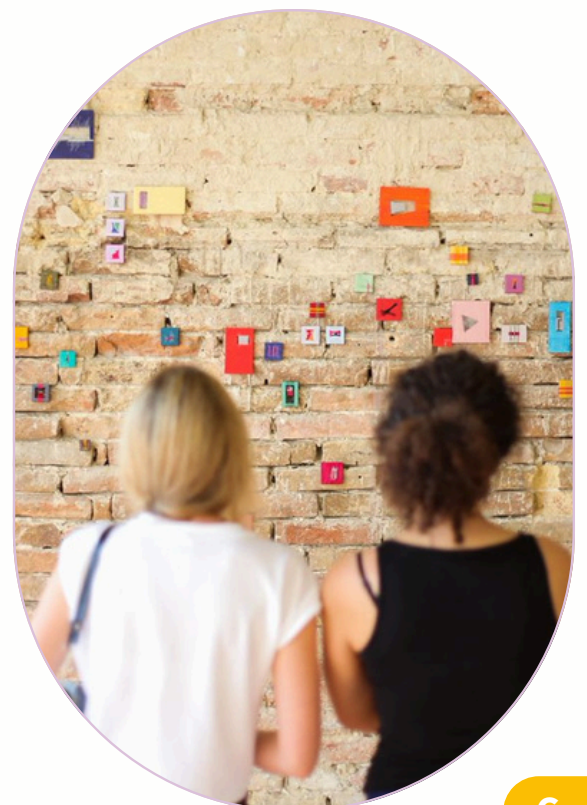

We offer various study programs; detailed information on each is **accessible here**:
<https://international.pte.hu/programs>

All our degrees are **accepted** in the European Union and most parts of the World. However, some countries' students might need extra administration to validate their degrees.

Programs highlighted:

Our **BSc in Business Administration** and Management program gained **EFMD** program accreditation. Due to this, we have become one of the best business schools in the World.

Learn more about it [here](#).
