By submitting a photo application, the applicant declares that they have read, understood, and fully agree to the terms and conditions of this call for proposals.

### **Theme of the Contest**

We expect photos for the contest that express the Pécs lifestyle in a unique, striking, and personal way, showcasing the favorite places of the applicants in Pécs, the spots in the city where they have fun, relax, and unwind, where they like to hang out with friends, where they escape from the hustle and bustle of life, or where they enjoy spending their free time.

Each applicant may submit a maximum of one photo, along with a brief description explaining why the chosen location holds significance for them.

The applicant fully accepts responsibility for the content submitted, including any potential legal or financial consequences. If any objections are raised by third parties related to personality rights, copyright, or other infringements regarding the submitted entry, the sole responsibility for such issues rests with the applicant, and the Organizer is entitled to transfer any resulting claims to the Applicant.
