

CALL FOR APPLICATIONS

The Faculty of Engineering and Information Technology of the University of Pécs calls for applications for participating in the Erasmus+ Student Mobility for Learning Programme in the Academic Year 2023/2024/2

The aim of the call for applications:

The aim is to ensure the opportunity to gain educational, language and cultural experience in a higher education institution of another programme country. Learning mobility is to enhance the academic performance and develop the personal skills and abilities of the student.

Within the framework of Erasmus+ Programme, successful applicants are given the opportunity to pursue their studies abroad in one of our partner universities in the European Union (students will have the opportunity to study in the same status as the students of the receiving university without paying any tuition fee and examinations passed there can be accepted at the sending university with the approval of the relevant department). The purpose of study tours may be to spend a semester as a partial transfer student, participate in a study abroad programme or work on thesis preparation. The mobility can only be realised if the sending institution accepts the studies to be accomplished abroad and count them in the academic progress of the student (by granting UP credits). The minimum duration of studies abroad is two (2) months. **Max. duration 4 Month 2 weeks.**

Erasmus+ students studying abroad:

- spend 2-12 months abroad (depending on the year they are in and the partner institution);
- do not pay tuition fee at the receiving institution; however, may be obliged to pay registration/administration fee (mainly at German universities);
- enrol at the home university, establish an active student status, pay any possible tuition fees due to their home university and receive their grants due for the period of studying abroad;
- do not obtain their degree before ending the mobility;
- can have their studies accomplished abroad counted in their home study requirements (before the student's departure, the two cooperating departments must agree on the courses to be taken up by the student at the receiving university. *At least 15 credit points must be obtained.*);
- within the framework of studying abroad at the partner university, PhD students can carry out research specified in their training plan.

Who can apply?

Students with Stipendium Hungaricum scholarship cannot apply for Erasmus+

General conditions of participation:

- the student must have Hungarian citizenship or must pursue studies aiming at obtaining a degree in the institution;
- in the semester the student is planning his/her mobility the student has an active student status at UP; the student cannot obtain his/her degree before ending the mobility;
- the student meets the application requirements announced by the given faculty/department;
- spends 2-12 months abroad (depending on the year and the partner institution);
- more than one destination can be applied for, their ranking must be specified;
- the successful applicant must take the on-line language test OLS (*Online Linguistic Support*) if the medium of instruction is not his/her mother tongue but one of the following: English, German, Italian, Spanish, French, or Dutch (more detailed information after the favourable evaluation of the application).

According to the rules/regulations of the Erasmus+ Programme each student can obtain Erasmus status for a maximum of 12 months per training level (study abroad and internship in total), thus if the student has already participated in Erasmus study abroad and/or internship, even if as a zero grant (LABEL) student, but has not used up the 12-month Erasmus period, he/she can apply again.

Students pursuing master level or doctoral studies who already were Erasmus students at their former training level(s) can also apply.

Students in the final year of their bachelor or master level studies who want to continue their studies should hand in their applications in September in the first semester of their master or doctoral studies.

The amount of the grant depends on the length of the study period (number of days) and on the host country. The following amounts of grant may presumably be awarded for the academic year 2023/2024 (1 month of mobility means 30 days).

Grants for the academic year 2023/2024:

Receiving countries	mobility for studies
Countries with higher living costs Austria (AT), Belgium (BE), Cyprus (CY), Denmark (DK), Finland (FI), France (FR), Germany (DE), Greece (EL), Ireland (IE), Iceland (IS), Italy (IT), Lichtenstein (LI), Luxemburg (LU), Malta (MT), Netherland (NL), Norway (NO), Portugal (PT), Spain (ES), Sweden (SE), United Kingdom (UK)	240.000 HUF/month
Countries with medium living costs Bulgaria (BG), Czech Republic (CZ), Estonia (EE), Croatia (HR), Lithuania (LT), Latvia (LV), Poland (PL), Romania (RO), Serbia (RS), Slovenia (SI), Slovakia (SK) Macedonina (MK), Turkey (TR)	216.000 HUF/month

Students who do not receive travel support can opt for green travel. In this case, they will receive a single contribution of 20.000 EUR as a top-up amount to the individual support and up to 4 days of additional individual support to cover travel days for a return trip, if relevant.

All applicants are reminded that the grant will not fully cover the costs and expenses of the travel and the stay abroad so additional sources are needed. Successful applicants may have to contribute to these costs and expenses from their own sources in addition to any support the faculty might award.

Method and deadline for submitting the application:

As part of your arrangements for the application please do check the list of the available courses of the partner universities at their websites and do carefully study the information about the language and the level (bachelor or master) of the courses offered. For further information on the application and the study programmes at the partner universities, please contact the Faculty Coordinators.

Procedure for student mobility for learning applications:

1. During the Period of Study Grant students must pursue their studies in line with the requirements of the credit system.
2. The prior written consent of the person professionally responsible for the course is required for the recognition of the given course.
3. The period of the study grant is determined by the Faculty but cannot exceed 12 months.
4. In addition to excellent academic performance, a further requirement of the application is appropriate language knowledge – preferably of the language of the host country – which enables the student to accomplish his/her studies abroad. In the case of Spain, Italy and France, the knowledge of the language of the host country is a condition of a successful application.
5. Students performing research activities and being active in the community are at an advantage when evaluating the applications.

Apply on **Mobility online** platform!

If you have questions, contact the Faculty Erasmus Coordinator:

Ms. Réka Somfai

Erasmus Coordinator

Centre for International Programs and Relations

7624 Pécs, Boszorkány u. 2. B-011. / B-012.

email: somfai.reka@mik.pte.hu

Applications which are incomplete, do not satisfy the conditions, illegible or submitted after the expiry of the deadline cannot be accepted.

Submission deadline: 17th October, 2023

Applications submitted are evaluated by the Erasmus Committee formed by the Faculty. The evaluation criteria are stipulated in the order of business of the committee evaluating the applications.

After the preliminary evaluation of the content, under the regulation of the Faculty, language interviews may be conducted in foreign languages stipulated by the Faculty.

Procedure for evaluating applications:

Each application may be awarded a maximum of 100 points.

- a) For language knowledge: a maximum of 30 points may be awarded

Language of instruction in the receiving institution:

State accredited, advanced, general, type C language exam 20 points
State accredited, intermediate, general, type C language exam 15 points

Language exam in other language(s):

State accredited, advanced, general, type C language exam 10 points
State accredited, intermediate, general, type C language exam 5 points

- b) For academic performance: a maximum of 40 points can be awarded

bottom limit	upper limit	number of points
3.000	3.199	5
3.200	3.399	10
3.400	3.599	15
3.600	3.999	20
4.000	4.299	25
4.300	4.499	30
4.500	4.799	35
4.800	5.00	40

- c)** Mentoring activity: a maximum of 10 points can be awarded
d) Public life activity: a maximum of 10 points can be awarded
e) Scientific activity: a maximum of 10 points can be awarded

Good luck with your application!

Date: Pécs, 15th of September 2023.
