OUR WORK AND AIM

The CLAC (Campus Legal Aid Clinic) launched in 2015 to deepen the academic knowledge of law students. At the same time, it provides professional and monitored legal advice to the students of the University of Pécs. Our program is financed by the Internationalization Fund of the University of Pécs.

In our program, we want to offer legal help for every student of the UP. As we specialize in international students, we can deal with cases in English or German language, which is unique in Hungary. There is no other student organisation in the country which takes care of the legal problems of foreign students. Our goal is to make the days of students easier here in the UP, so they only have to focus on studying.

Cooperative partners in education:

KPMG Legal

Regional Court of Pécs
