

Damjanich Dormitory Know-how

In this guidebook, we would like to give a little insight about the dormitory life in Hungary.

We want you to get familiar with the place and its rules in advance, letting you know what to expect when you move here and what we expect from our residing students.

Please note that this document is only an extracted guidebook of the official house rules, and contains only the most important paragraphs. For the whole official house rules please contact the reception at the dormitory.

The Dormitory:

The newly built and furnished building offers a safe accommodation possibility with its 24/7 reception service, access control system and installed fire alarm system for university students.

Damjanich Dormitory is located next to the Faculty of Engineering and Information Technology. The dormitory is easily approachable from the train station with bus number: **30, 32, 34Y, 36, 37.**

If you would rather take **TAXI**, you can always call **+3672/333-333** or **+3630/555-555**.

Damjanich Dormitory – Address: 7624 Pécs, Damjanich street 30.

To enter the dormitory, you need to have an access card, which opens the door. This will be provided by the reception after your arrival. Please keep in mind that if you lose this card, you will have to pay for the replacement costs.

Damjanich Dormitory is a 2 storey building with rooms for two. The building has two study rooms and a laundry in the basement.

The meeting room on the ground floor is ideal for a greater group of students, who want to come together. The standard housing units are for two people, but there are 2 blocks where 4 students will be placed in two separate rooms that share the same bathroom/restroom. The building has 4 disabled rooms for the physically challenged residents. You can find a kitchen on each floor.

For the cycling lovers, a bicycle storage is provided.

- Please note, that scholarship students also have to pay the deposit (40 000 HUF)

Moving out of the dormitory:

While this information normally belongs to the end of the know-how, we would like to emphasize the importance of the proper way to move out of the dormitory.

The 1-week rule:

When you arrive you sign the Accommodation Service Contract and pay the deposit. After that, you have 1 week to decide if you want to stay in the dormitory or not. If you decide to leave, you have to pay for the days you spent here and the deposit will be transferred to your bank account after filling the necessary form in the Neptun Education System. **Please note that in this case you shall completely move out from the dormitory by the end of the seventh day.**

Resign in advance:

To check-out from the dormitory past the first week you spend here, you have to submit your resignation IN ADVANCE, by filling the corresponding form at the dormitory reception.

MAKE SURE TO RESIGN YOUR DORMITORY PLACEMENT IN TIME!

Dormitory fee:

Each month's dormitory fee will appear on the Neptun Education System that you will gain access to once you establish your student status. On Neptun you will be able to keep track of your deadlines at all times.

You have several options to choose to settle your rent:

1. Personally at the reception with card
2. Online, through Neptun with card

Late payment:

In case a student happens to pay the fees late, a late payment fee appears on Neptun which also has to be settled. This means a few thousand forints in each case, but the penalty will increase 8 days after the deadline. **These late payment fees can be settled at the dormitory reception, at your faculty's cash desk or online through your personal Neptun interface, following the above written steps.**

PLEASE NOTE:

The monthly dormitory fee cannot be divided from September. If you arrive on the last days of a month you have to pay for the whole month. In case you leave in the first days of a month you still have to pay the whole month's rent.

Please, adjust your arrival and departure accordingly.

On the day you leave the dormitory:

During the checkout on the day of your departure, it is mandatory to show the room to the Receptionist. It should be in the same condition as it was when you moved in (clean). You also have to return the keys and sign the checkout form.

**IF YOU FAIL TO MEET ANY OF THE ABOVE MENTIONED CRITERIAS, YOUR
PAYMENT OBLIGATION WILL NOT CEASE AND YOUR DEPOSIT WILL NOT BE
REFUNDABLE!**

Having a guest:

The students in our dormitories have the opportunity to have night guests in their rooms if they have a free bed and if their block mates give their consent. Every guest has to be registered at the Reception. The student has to pay 1000 HUF/night (+tourism tax for non PTE students) at the Reception for those guests who stay after 11 pm. The monthly limit for these guests to stay is 10 days.

Basic rules of coexistence:

The dorm has a multicultural community with various habits and lifestyles. Tolerance is a key factor for our residing students.

While we encourage socialising and making new friends, there is one universal rule in the dormitory, that every student agrees on: **During the exam period, they prefer to have a quiet environment, without any disturbances.**

Considering the size of the building and the great number of people we accommodate here, it is self-evident that we put a lot of effort into the cleanliness of the building and the safety regulations.

We would like to ask you to take them as seriously as we do.

Fire safety:

You will have to attend a Fire Safety instruction. Your fire safety knowledge will be tested.

From time to time, you will hear the fire alarm ringing in the whole building. These are usually false alarms caused by burned food etc. If the alarm stops in the first minute, you have nothing to worry about. On the other hand, if *(on a rare occasion)* it keeps ringing, you have to leave the building as soon as possible.

Fire drill:

The dormitories have to participate in obligatory annual fire drills.

Student's duty is to immediately leave the building at the time of the fire drill, when the fire-alarm sirens can be heard. Fire drills are controlled by the authority. If the fire department inflicts penalty on the University because of the student's wrong attitude or abnormal behaviour, fines will be re-routed to whom it may concern. In case the students fail to evacuate completely, the fire drill will be unsuccessful and fire department will keep repeating the procedure.

In Hungary, smoking is prohibited by the law in public buildings (in dormitories)!

- **Smoking and using Hookah/Shisha is forbidden in the building.** This is probably the most important rule to date. There are smoke detecting sensors in every room which turns the alarm and the ventilation in the building on. We take the rules regarding this matter strictly, so if any traces of smoking are found in a student's room, the dormitory takes disciplinary action and imposes a penalty fee.
- Trying to turn off/modify the sensors is **STRICTLY FORBIDDEN** and it can lead to the termination of the Accommodation Service Contract.

There is a **designated area** where you can smoke next to the building entrance.

Another typical cause for the fire alarm is burnt food, which of course, is not as serious as the offense of smoking. Still, we would like to give you some practical hints, to avoid any problems in the future.

- Do not put any hot objects on the floor, on the table, or on top of the fridge!
- Electric kitchenware such as: ricecookers, waterboilers, microwave ovens must not be used in the bedroom.
- Never leave your cooking unattended!

Cleanliness:

Regular, weekly cleaning will be provided in every room, which can be extremely helpful with your daily chores, especially in the exam period.

It goes without saying, that **having weekly cleaning does not mean that you don't have to clean the room at all**. We kindly ask the students to keep a healthy standard of cleanliness in their block.

WE WILL INSPECT THE ROOMS REGULARLY. IN CASE THE ROOM DOES NOT MEET THE HYGIENIC STANDARDS, A PENALTY FEE WILL BE IMPOSED ON THE RESIDENTS.

Based on our experiences, these are the most crucial parts, that you have to pay attention to:

- Take out the trash on a daily basis. Having too much trash in the room for days is the main cause for pests to appear.
- Keep the sink clean. It can easily get clogged if you flush food down in it. Its sole purpose is to wash your dishes in it.

- Keeping the kitchen and the toilet clean after use.

The cleaning ladies cannot touch your belongings, so basically if you leave more space free, you get a more thorough cleaning. This is only possible if you keep the above mentioned daily

practises. If your belongings are all over the room, the cleaning staff will not be able to clean your room. If you leave your belongings on the bed, your sheets cannot be changed either.

It is possible that the standard cleaning schedule will be changed due to holidays and non-working days. The cleaning might be delayed but the service will be provided nevertheless. We kindly ask for your understanding in these cases.

The cleaners also provide liquid soap and some toilet paper every week. The bedsheets will be changed once every two weeks. These things can help, but we strongly suggest you to buy your own necessities.

Kitchen:

The key for the kitchen can be taken from the reception. You have to sign up to take it. The responsibility to keep the kitchen clean falls on the person who takes the key for the period they are using it. Leaving dirty dishes or damaging the furniture in the kitchen has disciplinary and financial consequences. The person who uses the kitchen must report any damage they find to the reception. In case the damage is not reported, the liability and the repair expenses fall on the last person who used the kitchen.

Laundry:

- To wash your clothes, you have to book a time slot at the reception.
- You can take the laundry key in exchange for a Student card or any kind of identification.
- Make sure not to put too much washing liquid/powder in the machine. There is usually an indicator that shows the maximum. The use of washing capsules is highly recommended for these reasons.
- After you start the washing machine, return the key to the doorman immediately to let others use the other machines.
- You can take the keys again later to pick up your clothes.

Common areas:

The meeting room and the terrace are popular places among our students, therefore we would like to maintain their condition. If you use these areas with your friends, make sure to clean up after yourselves and put back the furnitures to their original place.

Please, avoid littering on the terrace, we have a bin where you can throw the cigarette buds.

Damage report:

Each and every student is responsible for the condition of their room and the furnitures inside it. The student is obligated to pay the repair costs of any damage caused. In case none of the

residents take responsibility for the damage caused, the students in the room must take joint liability for the repair expenses.

Small accidents happen from time to time, so it is really important to report every damage in the room immediately. We have a Building Management Staff, which can fix things in the matter of minutes.

The most frequent problems that occur are:

- Clogged shower drain, kitchen sink
- Burned out light bulbs
- Broken furniture

If anything happens, please do not hesitate to tell us!

COVID-19 provisions

We find preventive actions extremely important during a pandemic period. In order to avoid anyone falling ill, your cooperation is indispensable.

Throughout this period entrance restrictions are in effect in the dormitories, during which the doorman will have to register any entries and exits in the building. The access control turnstiles at the entrance are operated by the doorman, which means that the proximity tags do not work during the pandemic situation. Crossing the entrance system is only possible by showing an ID.

We kindly ask you to wash your hands regularly and thoroughly. You can use the hand sanitizer placed by the entrance of the dormitory.

Social distancing:

- During the pandemic period study rooms and social spaces are closed in the dormitory. Please refrain from visiting social premises outside the dormitory as well.
- During a pandemic period dormitory events are not permitted, therefore gathering in groups on the corridor is also forbidden.
- Please keep the proper distance (1,5 - 2 m) on corridors, washrooms etc.
- During a pandemic period you can only pay by card at the reception.

In case of a pandemic emergency, we apply the following safety measures:

- paying close attention to identifying people entering the dormitories;
- unlimited use of hand sanitizers at dormitory entrances;

- sufficient amount of personal protective equipment is available for epidemiological emergencies;
- prepared to vacate dormitories swiftly and with minimal contact in case of epidemiological emergencies;
- prepared to provide secure storage for belongings left in the vacated dormitories until return of the owner;
- enough separated living areas for official home quarantine. Provisions for students in quarantine is ensured in cooperation with the authorities and the Municipality of Pécs;
- We have experience in separating the infected. We have successfully isolated all cases of the minimal number of positive Covid-19 cases in our dormitories.
