

UNIVERSITY OF PÉCS
FACULTY OF HEALTH SCIENCES

Study Guide
spring semester

General Information About the Faculty

DEAN:

DR HABIL ANDRAS OLAH PhD.

ASSOCIATE PROFESSOR; HEAD OF THE INSTITUTE

ERASMUS CO-ORDINATOR:

Dr. Orsolya Máté

TEL.: +36 (72) 513 677

E-MAIL: orsolya.mate@etk.pte.hu

POSTAL ADDRESS: H-7623 PÉCS, VÖRÖSMARTY U. 4., HUNGARY

GENERAL INFORMATION FOR INTERNATIONAL STUDENTS:

<http://erasmus.pte.hu/?language=en>

COURSES

Theoretical Courses and Demonstration Room Practices

Nursing:

Course title: Medical latin language and terminology II.

Language of instruction: English

Form of teaching: demonstration room practice

Form of assessment: practice exam

Minimum number of students: 1

Class hours per week: 2

Semester: Spring

Credits (ECTS): 4

Lecturer: To be announced

Course title: Applied Anatomy in Health Sciences II. theory

Language of instruction: English

Form of teaching: lecture

Form of assessment: term exam

Minimum number of students: 1

Class hours per week: 2

Semester: Spring

Credits (ECTS): 3

Lecturer: To be announced

Course title: Applied Physiology and Pathophysiology in Health Science II. theory

Language of instruction: English

Form of teaching: lecture

Form of assessment: term exam

Minimum number of students: 1

Class hours per week: 2

Semester: Spring

Credits (ECTS): 5

Lecturer: To be announced

Course title: Nursing skills I. theory

Language of instruction: English

Form of teaching: lecture

Form of assessment: term exam

Minimum number of students: 1

Class hours per week: 1

Semester: Spring

Credits (ECTS): 3
Lecturer: To be announced

Course title: Nursing skills I. practice
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: total of 30 hours
Semester: Spring
Credits (ECTS): 3
Lecturer: To be announced

Course title: Dietetics I.
Language of instruction: English
Form of teaching: lecture
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Neurology and nursing theory (clinical theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Neurology and nursing theory (nursing theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Neurology and nursing theory (clinical practice)
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 4
Lecturer: To be announced

Course title: Obstetrics-gynecology and nursing theory (clinical theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Obstetrics-gynecology and nursing theory (nursing theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Obstetrics-gynecology and nursing theory (clinical practice)
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 4
Lecturer: To be announced

Course title: Infant medicine-pediatrics and nursing theory (clinical theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Infant medicine-pediatrics and nursing theory (nursing theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: total of 7 hours
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Research methodology and biostatistics II.
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Oncology and nursing theory (clinical theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: total of 10 hours
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Oncology and nursing theory (nursing theory)
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: total of 10 hours
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Health care management II.
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 0

Lecturer: To be announced

Physiotherapy:

Course title: Neurology I.
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Physiotherapy IV. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Physiotherapy IV. practice
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Psychiatry I.
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy V. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy V. practice
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Surgery I.
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy VI. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: comprehensive and practice exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy VI.. practice
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: comprehensive and practice exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Physiotherapy VII. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy VII. practice
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Orthopaedics I.
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy VIII. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: comprehensive and practice exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Physiotherapy VIII. practice
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: comprehensive and practice exam
Minimum number of students: 1
Class hours per week: 1
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Research methodology and biostatistics II.
Language of instruction: English
Form of teaching: demonstration room practice
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 2
Semester: Spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Rudiments of Kinesiology II. (Rudiments of Kinesiology)
Form of teaching: lecture
ECTS: 3
Semester: spring
Language: english

Midwifery:

Course title: Applied anatomy in Health Sciences II. theory

Language of instruction: English

Form of teaching: lecture

Form of assessment: oral exam/written exam

Minimum number of students: 1

Class hours per week: 2

Semester: spring

Credits (ECTS): 3

Lecturer: To be announced

Course title: Applied anatomy in Health Sciences II. practice

Language of instruction: English

Form of teaching: lecture

Form of assessment: oral exam/written exam

Minimum number of students: 1

Class hours per week: 2

Semester: spring

Credits (ECTS): 3

Lecturer: To be announced

Course title: Applied Physiology and Pathophysiology in Health Sciences II. theory

Language of instruction: English

Form of teaching: lecture

Form of assessment: oral exam/written exam

Minimum number of students: 1

Class hours per week: 2

Semester: spring

Credits (ECTS): 5

Lecturer: To be announced

Course title: Applied Physiology and Pathophysiology in Health Sciences II. practice

Language of instruction: English

Form of teaching: lecture

Form of assessment: oral exam/written exam

Minimum number of students: 1

Class hours per week: 2

Semester: spring

Credits (ECTS): 5

Lecturer: To be announced

Course title: Medical latin language and terminology II.

Language of instruction: English

Form of teaching: lecture

Form of assessment: written exam

Minimum number of students: 1

Class hours per week: 2
Semester: spring
Credits (ECTS): 4
Lecturer: To be announced

Course title: Internal medicine I. (internal medicine)
Form of teaching: lecture
ECTS: 2
Semester: spring
Language: english

Course title: Surgery I. (surgery)
Form of teaching: lecture
ECTS: 2
Semester: spring
Language: english

Course title: Nursing skills I. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 3
Lecturer: To be announced

Course title: Nursing skills I. practice
Language of instruction: English
Form of teaching: lecture
Form of assessment: practical exam
Minimum number of students: 1
Class hours per week: 2
Semester: spring
Credits (ECTS): 3
Lecturer: To be announced

Course title: Dietetics I. theory
Language of instruction: English
Form of teaching: practice
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: IT in Health Care II.
Language of instruction: English
Form of teaching: lecture
Form of assessment: practical exam
Minimum number of students: 1
Class hours per week: 2
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Complementary medicine I.
Form of teaching: lecture
ECTS: 1
Semester: spring
Language: english

Course title: Transfusiology theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Transfusiology practice
Language of instruction: English
Form of teaching: practice
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 1
Lecturer: To be announced

Course title: Developmental neurology theory
Form of teaching: lecture
ECTS: 1
Semester: spring
Language: english

Course title: Obstetrics and gynaecology III. clinical theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: oral exam
Minimum number of students: 1
Class hours per week: 2

Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Obstetrics and gynaecology III. nursing theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: practical exam
Minimum number of students: 1
Class hours per week: 4
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Obstetrics and gynaecology III. simulation/skill practice
Language of instruction: English
Form of teaching: lecture
Form of assessment: oral exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Obstetrics and gynaecology IV. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Obstetrics and gynaecology IV. simulation/skill practice
Language of instruction: English
Form of teaching: practice
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 3
Lecturer: To be announced

Course title: Research methodology and biostatistics II.
Language of instruction: English
Form of teaching: lecture
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 2
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Health psychology I.
Language of instruction: English
Form of teaching: lecture
Form of assessment: term exam
Minimum number of students: 1
Class hours per week: 2
Semester: spring
Credits (ECTS): 2
Lecturer: To be announced

Course title: Health Sociology
Language of instruction: English
Form of teaching: lecture
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 1
Semester: spring
Credits (ECTS): 3
Lecturer: To be announced

Course title: Health Education - Health Promotion I. theory
Language of instruction: English
Form of teaching: lecture
Form of assessment: written exam
Minimum number of students: 1
Class hours per week: 2
Semester: spring
Credits (ECTS): 1
Lecturer: To be announced

Dietitian

Course title: Microbiology II.

Form of teaching: lecture

ECTS: 2

Semester: spring

Language: English

Course title: Microbiology II.

Form of teaching: practice

ECTS: 0

Semester: spring

Language: English

Course title: Food preparation II.
